daged as the result of a cut sustained while making his escape.
Chandler is a doctor by profession and a graduate of the Baltimore Medical school. He is only 26 years old and has been confined as an inmate in the institution in which he once labored in a professional capacity. The young doctor first committed himself and was later committed by his father, it is said. The authorities at the Howard institution were notified Thursday afternoon by Captain Richmond and they said that a man would come for the escaped inmate as acon come for the escaped inmats as soon as possible. Chandler is said to be a dope fiend and was constantly smok-ing cigarcites at the station house in this city. He has every appearance of being an intellectual man when in his right mind and he seemed to be sane or a time Thursday afternoon al-hough at first he was decidedly in-lined to stretch the truth.

REMARKS OF LABOR LEADER ON PUBLIC UTILITIES BILL

Great Interest Attaches to Views Expressed by President Donahue,

Hartford, April 15.—Much interest attaches to the remarks of President Donahue of the Connecticut Federation of Labor pefore the judiciary committee of the state legislature on the pubtee of the state legislature on the pub-ilc utilities commission bill. "We look with considerable suspicion on any change which will directly or indi-rectly affect our pleasant relations with the corporations of this state" he said. "This may seem a selfish stand, but we are face to face with the prop-osition on the part of other organiza-tions in this state, whose motives an-not be said to be altruistic to tear not be said to be altruistic, to tear down barriers which have been raised for the protection and benefit of work.

We are opposed to the penalty feature in this bill. That a commission should be able to impose commands on an employer and then fine his employe \$200 or imprison him for two months if the orders are not carried out seems sufficient reason to oppose

the measure. There are enough penalties in this state now.

"That a commission such as is proposed should be independent of politics is a dream . In our opinion to pass such a law will simply create another political machine in this state.

This would affect our rights as citiother political machine in this state. This would affect our rights as citizens. If it was desired to protect trade relations it should have been possible to place a provision in the bill fixing the exact status of the employe. Only after considerable deliberation did we decide to interfere, and this only for the purpose of indicating to the people of the state that it is our desire that the pleasant and harmonious relations under which our representatives are able to go in to see the chief officers of any of the public

NAME ON STAKES OR BUOYS To Mark Divisional Lines Between Private and Public Oyster Beds.

Hartford, April 15.—No opposition developed to the bill which provides for the placing of the name or initials of the owner plainly on all stakes or buoys, save those of the state, set to mark divisional lines between private and public oyster, claim and mussel beds, when that bill was taken up for a hearing this afternoon before the committee on shell fisheries at the capitol. Representatives of both natural growers and oyster planters ural growers and oyster planters agreed that such a law would be desirable. Following this there was a brief discussion of some questions which bear upon the proposition of creating a commission for the purpose of investigating and reporting on tax-ation of oyster grounds that are with-in the jurisdiction of the state. It is thought that a report on the resolution providing for such a commission may be submitted by the committee with-in the course of a few days.

And the Winner, Mrs. Jane Edwards Root, of 1605 E. 30th St., Cleveland, O., 86 Years Old, Whose Picture Appears in the Illustration, Won the Race by Walking 2% Miles in 26 Minutes. Mrs. Root Attributes Her Vigor, Health and Staying Powers to Duffy's Pure Malt Whiskey, Which She Has Taken for Years.

In a recent interview Mrs. Root said: "I seldom take medicine, but two years ago at my home in Cleveland I feit not very strong, so bought one bottle of Duffy's Pure Malt Whiskey. I was benefited by it. I am 80 years old, and won the championship in the great walking contest for aged people in Cleveland. I came out winner of 28 contestants over 75 years of age (14 women and 14-men). I beat the world's record, and now hold the championship for the United States and Europe. I walked 21/2 miles in 26 minutes, and was not at all tired; could have walked it right over again. One paper gave the account as two miles in 26 minutes; all the other papers were right. When I reached the end, not another walker was anywhere near me, and the enthusiasm was great. I have had an immense mail ever since from professors in colleges and prominent mon all over, wishing to know how I lived, what my diet was, what caused this wonderful strength and endurance at 78 years of age. I take good care of my health, have camped out every summer for the past 25 years, live well, and use as my only medicine Duffy's Pure Malt Whiskey. I have known during the past two years several wonderful cures from Duffy's Malt Whiskey. It is a remarkable medicine for Rheumatism and Stomach Trouble. Two instances have come to my notice of permanent cures. My wonderful health and ability to walk long distances I attribute to using it as a medicine."

STATE COLLEGE AT STORRS. Appointment of Trustees Not Made Yet -The Possibilities.

(Special to The Bulletin.) Hartford, April 14 .- The committee on senate appointments has gone over the situation as to the new members of the board of trustees of the Con-necticut Agricultural college very care fully and at length and has not yet decided definitely who they will report for the three places now filled by George S. Palmer of New Lordon, vice precent of the present bear. Charles A. Capen of Willimantic and B. S. Patterson of Torrington.

A. Capen of Willimantic and B. S. Patterson of Torrington.

It has been known for some time that Mr. Palmer would not be reappointed. Indeed, he sent a friend to state to the committee that he didn't care especially about going back, so long as he was replaced with some good man. Rumor has it that he is to be in the person of Coi Charles M. Jarvis of Berlin, who has privately said to friends, however, that while he might favor some such schools. mig. t favor some su, scheme as dov-ernor Woodruff's plan to remove the state college, if it came up, he should not be the one to start it.

not be the one to start it.

It is said that Senator Joseph W. Alsop of Avon, chairman of the committee on reads, bridges and rivers, is to have the pince on the board of Frustees which Mr. Patterson now fills.

Much effort is being made to keep Mr. Capen on the board, but no little pressure is being brought to bear, however, in favor of the appointment of State Treasurer F. F. Patten.

ADVERTISING "OUR CHURCH."

Should you happen to be in St. Paul. Minn., and a person should stop you on the street and ask you "Where is the First Baptist church?" you will please understand that you are being made an instrument of an ingenious advertising scheme—otherwise a boom movement for the First Baptists. According to seemingly credible report, the pastor of that church has requested every member of his congregation to push the inquiry daily, generally and persistently. "Where is the First Baptist church?" This is simple instruction, seeking to make the name of the church more familiar in and about St. Paul will doubtless become more amplified automatically. Already, according to the report, the street car conductors are asked many times every day for directions to the times every day for directions to the First Baptist church. So, too, the po-liceman on the corner frequently has liceman on the corner frequently has
the question put to him and will soon
have an answer ready to his tongue in
stereotyped form. Car conductors, no
licemen and other accredited mediums
of general information who, because
of the remoteness of their routes,
beats or customary places or occupation are in the first instance ignorant
of the location of or the course to be
taken to the First Baptist church, will
be urged to inquire of other persons taken to the First Baptist church, will be urged to inquire of other persons in order to obtain and upon the next inquiry impart the information. If such would save thmeselves vexation they will take this advice in an approving spirit. For it is the determined purpose of the boomers that within a short time everybody in St. Paul shell know where is the First Baptist church and how to get to it, or be consigned, say, to Minneapolis.—Providence Journal.
